School leaders and the law

A two-day program for the legal realities of leading a school.

— THE PROGRAM

Expert legal guidance, designed for the people already leading schools

This comprehensive two-day program — developed by Dr Stephen Brown, Managing Director of The Brown Collective, with Megan Kavanagh, Employment & Safety Leading Partner (Queensland) at Colin Biggers & Paisley — meets the growing demand for expert legal guidance in schools and the wider education sector.

Designed for principals, directors and senior leaders nationally, the annual program returns to Brisbane for the fourth year, following notable success in Sydney, Melbourne and Darwin.
